

Frequently asked questions:

Why do I need an Active card?

Having a card means you can book online or over the phone up to 7 days in advance and pay when you play.

If you are eligible for a discount or concessionary rate you can show us your card when you arrive and you will be sure to get your discount.

If you are a regular user you have the option of buying an Active package which gives you unlimited use of our facilities for a single fee or monthly payment.

What will the Active card cost?

You can register for an Active leisure card for FREE (terms and conditions apply) and then you simply show your card when you pay and play.

If you are going to be a regular user of our leisure centres or pools you may like to buy one of our Active packages which save you money the more you visit. See opposite for details.

How do I apply?

Pick up a form at our centres/pools or download it from www.angcomleisure.com/activecard
